## Step by Step Instructions

### Step 1

Score one sheet of A4 coconut white card in half to create an A5 card blank.

### Step 2

Take another A4 sheet of coconut white card and spray it with the Airless Misters. Once finished, add cling film to the surface and leave it to dry for several hours/overnight. Remove the cling film once dry.

### Step 3

Wipe your card blank front with an anti-static bag and stamp the dragonfly stamp using the perfect medium ink pad.

### Step 4

Cover the stamped image with black embossing powder and heat emboss.

### Step 5

Repeat steps 3&4 on the pre-coloured sheet you created using the Airless Misters.

## Dragonfly Delight Spotlight Card

### Step 6

Using the Double Pierced Oval die in a suitable size, die cut the section of the dragonfly from your pre-coloured sheet and glue it over the same pre-stamped design on your card blank, so that both images match.

### Step 7

Use a small amount of bleach and a fine blush to lift some colour out of the flowers and wings of the dragonfly.

### Step 8

Draw a decorative border using a ruler around the design, avoiding going over the stamped image.

### Step 9

Hole punch selected areas of the design left on the pre-coloured sheet. Shape them on a foam pad/mouse mat using a shaping tool. Use foam tape or mounting cushion cut to the same size to adhere the domed circles to the card on opposite sides of the dragonfly.
